

# HOW TO ASSEMBLE

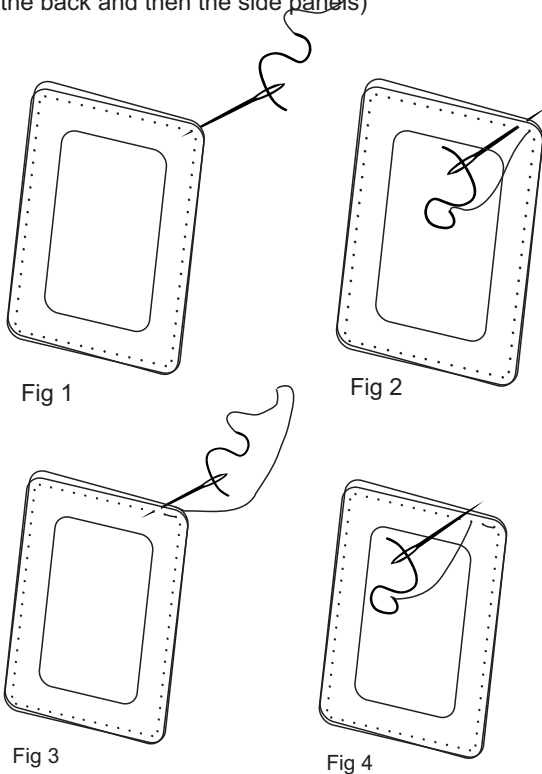

## - Leather Book / Mirror / Luggage Tag

**STEP 1:** Using the wax thread. Thread the wax thread through the needle eye.

**STEP 2:** Place the two panel together with the back together.  
(For the Mirror -You will stitch three sides together and then slide the mirror in.)  
(For the Book - first stitch the Strap to the back and then the side panels)

**STEP 3:** Now it's time to stitch. Starting at the one corner, put the needle through the first hole on each panel (Fig1). Pull the wax thread half way through. Using the needle, stitch the next hole from where the needle came out to the other side. Moving from one side to the other as shown in Figure 1-4. Repeat to end. (For the Mirror - when you've done 3 sides, place the mirror in and finish the last side.

**STEP 4:** Remove the needle and place it on the other end of the wax thread where you started. Now repeat step Fig 1-4 from the other side. (You will then have a running stitch)

**STEP 5:** End with both ends on the same side, pull tight and make a small knot. Cut the ends short and burn with a lighter and press down to secure the ends.
